exempt a person to whom section 46 or 47 applies:
(a) from complying with some or all of the person’s obligations under that section;
and
(b) from complying with some or all of the person’s obligations under subsection
(1).

(3) Section 46 or 47 does not require a person to whom the section applies to give
Customs access to information the person holds or has access to about an employee (for
element, about a member of the crew of a craft) unless the information is information of a
kind also generally held by the person, or to whom the person generally has access, in
relation to passengers.

Division 4 – Use of information to which access must be given

49. Controls on use by Customs of information

(1) Customs may without warrant view all information
to which access is given under
section 46.

(2) However, Customs may view information to which access is given under section 47
only as provided in sections 50 to 53.

(3) Section 319 applies to the collection, use and disclosure by Customs of information
viewed by Customs under this section or sections 50 to 53.

50. Information about travel within 28-day period – (1) Information to which access is
given under section 47 may be viewed by Customs without warrant if it is information about
travel within the 28-day period.

(2) Customs may without warrant search information that it may view under subsection
(1) to determine whether that information includes information that is relevant to search
criteria specified by Customs.

(3) However, if information is viewed under subsection (1), Customs may collect, use and
disclose that information under section 319 whether or not it came to Customs as result of a
search.

(4) Powers under this section of viewing or searching are exercisable in a particular case
even though, in the circumstances of that case, the purpose of the viewing or searching
would not be, or would not likely to be, frustrated if the viewing or searching were delayed
until a warrant under section 52 could be obtained to authorise it.

(5) For the purposes of this section and section 51, ‘information about travel within the
28 day period’ means information that, at any particular time, relates:
(a) to an arrival in or departure from, the Republic that, according to the
information—
(i) occurred within 14 days before that time; or
(ii) is occurring at that time; or
(iii) will occur within 14 days after that time; or
(b) to travel that, according to the information, occurred, is occurring, or will occur, in connection with an arrival or departure referred to in paragraph (a)—
(i) whether that travel is travel within the Republic to overseas; and
(ii) whether that travel is travel that occurred, is occurring, or will occur, before or after that arrival or departure of that kind.

51. Information about other travel may be searched for information relating to travellers within 28-day period

(1) In this section, ‘information about other travel’ means information:
(a) to which access is given under section 47; and
(b) that is not information about travel within the 28-day period.

(2) This section applies to the following situation:
(a) Customs, in considering information viewed under section 50, finds information about travel within the 28-day period that relates to an arrival or departure, and to travel, by a person:
(b) Customs wishes—
(i) to search information about other travel to determine whether it includes information that relates to that person; and
(ii) to view any information that relates to that person and is found as a result of the search.

(3) In that situation, Customs may without warrant—
(a) search information about other travel to determine whether it includes information that relates to the person; and
(b) view information in accordance with subsection (5).

(4) However, the search may be conducted only if it can be completed within 14 days after the arrival or departure to which the information about travel within the 28-day period relates (see section 50(5)(a)).

(5) Customs must not view information about other travel unless that information relates to the person and is found as a result of the search.

(6) Powers under this section of viewing or searching are exercisable in a particular case even though, in the circumstances of that case, the purpose of the viewing or searching would not be, or would not likely to be, frustrated if the viewing or searching were delayed until a warrant under section 52 could be obtained to authorise it.

52. Search and viewing warrants

(1) This section applies to any of the following situations:
(a) the Chief Collector considers, in the light of information of any kind that is available to Customs, that there are reasonable grounds to suspect that—
(i) there exists a risk or threat relevant to the purpose stated in section 44(1); or
(ii) a relevant offence (as defined in subsection (6)) has been, is being, or will be committed;
(b) Customs wishes—
(i) to search information to which access is given under section 47 to determine whether it includes information that is relevant to search
criteria specified by Customs (being search criteria that are reasonably related to the information available to Customs that gives rise to the reasonable grounds to suspect required by paragraph (a)); and
(ii) to view any information that is relevant to the search criteria specified by Customs and is found as a result of the search;
(c) the search cannot be conducted and the viewing done under section 50 or 51, or Customs considers it would be inexpedient for those things to be done under section 50 or 51.
(2) In that situation, the Chief Collector may, by application in writing made on oath, apply to a Judge for a search and viewing warrant authorising:
(a) the carrying out of the search within 14 days after the day on which the warrant is granted (or within any extension of that period granted by a Judge on an application in writing for the purpose made within that period); and
(b) the viewing by Customs of any information that is relevant to the search criteria specified by Customs and that is included in information to which access is given under section 47, but of no other information.
(3) The application must give details of the reasonable grounds to suspect required by subsection (1), of the information available to Customs that gives rise to those reasonable grounds to suspect, and of the search criteria specified by Customs, and it must also indicate whether the search is to be of all, or of only a specified part or parts, of the information to which access is given under section 47.
(4) On an application under subsection (2), a Judge may grant a search and viewing warrant in the prescribed form, but only if he or she is satisfied that:
(a) the reasonable grounds to suspect required by subsection (1) exist; and
(b) the search criteria specified by Customs are reasonably related to the information available to Customs that gives rise to those reasonable grounds to suspect.
(5) The warrant is sufficient authority for the doing of the things specified in subsection (2)(a) and (b).
(6) In this section and section 53, ‘relevant offence’ means an offence described in section 44(1)(b), or relevant to the purpose stated in section 44(1).

53. Search and viewing without warrant in emergencies
(1) This section applies to the following situation:
(a) the situation specified in section 52(1):
(b) the Chief Collector considers that, if he or she were to apply to a Judge for a search and viewing warrant under section 52, the Judge would grant the warrant:
(c) the Chief Collector also considers that delaying a search and any resulting viewing until a search and viewing warrant can be obtained under section 52 would create a real risk that—
   (i) the countering of the risk or threat referred to in section 52(1)(a)(i) would be frustrated; or
   (ii) the prevention, detection, investigation, prosecution, or punishment of the relevant offence would be frustrated.
(2) In a situation in subsection (1), the Chief Collector may, with no further authority other than this section, have the things specified in section 52(2)(a) and (b) done as if the doing of those things were authorised by a search and viewing warrant under section 52(4).
(3) However, if the Chief Collector acts under subsection (2), he or she must within 5 working days apply under section 52(2) for a search and viewing warrant in relation to the matter.

54. Procedure if viewing of information not authorised

(1) This subsection applies to both of the following situations:
   (a) the 5 working days period referred to in section 53(3) expires and the Chief Collector has not made the application required by that subsection;
   (b) the application required by section 53(3) is made but, in response to it, either no warrant is granted under section 52(4), or a warrant is granted under section 52(4) authorising the doing of only some of the things done in reliance on section 53(2).

(2) In a situation to which subsection (1) applies, things done in reliance on section 53(2) must, to the extent that the doing of those things is not authorised by a warrant granted under section 52(4), be treated for the purposes only of the countering of the risk or threat referred to in section 52(1)(a)(i) or of the prevention, detection, investigation, prosecution, or punishment of the relevant offence, as if they were done without the authority of section 53 or of a warrant granted under section 52(4).

(3) In a situation to which subsection (1) applies:
   (a) the Customs must destroy immediately information viewed by it in reliance on section 53(2) and that is collected by it for a purpose specified in section 305 if the viewing of that information is not authorised by a warrant granted under section 52(4); and
   (b) other persons or bodies must destroy immediately information viewed by the Customs in reliance on section 53(2) and disclosed by it to the other persons or bodies for a purpose specified in section 305(2) and collected by the other persons or bodies if the viewing of that information is not authorised by a warrant granted under section 52(4).

55. Security of applications for warrants

(1) As soon as an application under section 52(2) has been determined by the Judge, the Registrar must place all documents relating to the application (except the warrant itself) in a packet, seal the packet, and thereafter keep it in safe custody, except as provided in this section.

(2) Despite any enactment or rule of law or rules of Court entitling a party to proceedings to demand the production of documents, a party of that kind is not entitled to demand the production of documents held in safe custody under subsection (1), except in accordance with this section.

(3) A party of that kind who requires the production of a document held in safe custody under subsection (1) must, except in a case to which subsection (9) or (10) applies, apply in writing to the Registrar, who must promptly notify the Chief Collector.

(4) If, within 3 days after notice is given to the Chief Collector under subsection (3), the Chief Collector gives written notice to the Registrar that the Chief Collector intends to oppose the production of the documents, the Registrar must refer the matter to a Judge.

(5) If the Chief Collector does not give the written notice under subsection (4), the Registrar must produce the documents to the party applying for production.

(6) If a matter is referred to a Judge under subsection (4), both the person requesting production of the documents and the Chief Collector opposing production must be given
an opportunity to be heard.

(7) The Judge may order that all or a specified part of a document, the production of which is in dispute, not be produced if the Judge is satisfied that:

(a) the document or part contains information of a kind referred to in section 56(1); and

(b) production of that information would involve disclosure of a kind referred to in section 56(2).

(8) Subject to subsection (7), the Judge must order the production of the documents to the party requesting it.

(9) If a request for the production of a document kept in safe custody under subsection (1) is made in the course of proceedings presided over by a Judge and the request is opposed, the Judge must hear and determine the matter as if it had been referred to him or her under subsection (4).

(10) If a request of that kind is made in the course of any other proceedings, the presiding judicial officer must promptly refer the matter to a Judge to be heard and determined under subsection (9).

(11) Despite anything in this section, a Judge who is presiding over any proceedings in which the issue of a warrant under section 52 is in issue is entitled to inspect any relevant document held under subsection (1).

56. Information and disclosure in section 55(7)

(1) Information falls within section 55(7)(a) if it:

(a) might lead to the identification of, or provide details of, the source of the information, the nature, content, or scope of the information, or the nature or type of the assistance or operational methods available to the Customs; or

(b) is about particular operations that have been undertaken, or are being or are proposed to be undertaken, in pursuance of any of the functions of the Customs; or

(c) has been provided to the Customs by the government of another country or by an agency of a government of another country or by an international organisation, and is information that cannot be disclosed by the Customs because the government or agency or organisation by which the information has been provided will not consent to the disclosure.

(2) Disclosure of information falls within section 55(7)(b) if the disclosure would be likely:

(a) to prejudice the security or defence of the Republic or the international relations of the Government of the Republic; or

(b) to prejudice the entrusting of information to the Government of the Republic on a basis of confidence by the government of another country or any agency of such a government, or by any international organisation; or

(c) to prejudice the maintenance of the law, including the prevention, investigation, and detection of offences, and the right to a fair trial; or

(d) to endanger the safety of any person.

(3) In this section:

‘country’ includes any State, territory, province, or other part of a country;

‘international organisation’ means any organisation of States or Governments of States, or any organ or agency of any organisation of that kind.

(1) Subject to subsection (2), goods exported from the Republic may, in such cases and under any conditions as may from time to time be approved by the Chief Collector, be admitted free of duty, or at any rate of duty determined by the Chief Collector, not exceeding the duty that would be payable on the goods if imported for the first time.

may, within 20 working days after the date on which notice of the decision is given, appeal
to the Minister against that decision.

from duty, the Chief Collector must refund in whole or in part the duty paid so that the total
duty paid on the goods is in accordance with the terms (including the effective date) of the
approval.
(2) A person who is dissatisfied with a decision of the Chief Collector under this section
may, within 20 working days after the date on which notice of the decision is given, appeal
to the Minister against that decision.

127. Other refunds and remissions of duty
(1) Subject to any prescribed exceptions, restrictions, or conditions, the Chief Collector may refund or remit any duty if the Chief Collector is satisfied that imported goods, or goods manufactured in the Republic:
   (a) have been damaged, destroyed, pillaged, or lost, or have diminished in value or deteriorated in condition, prior to their release from the control of Customs;
   or
   (b) are of faulty manufacture; or
   (c) have been abandoned to the Republic for destruction or other form of disposal prior to their release from the control of Customs.

(2) Sample goods of any prescribed nature or prescribed value and samples of the bulk of goods subject to the control of Customs may, subject to any prescribed conditions, be delivered free of duty.

(3) A person who is dissatisfied with a decision of the Chief Collector under this section may, within 20 working days after the date on which notice of the decision is given, appeal to Minister against that decision.

128. **Power to apply refunds towards payment of other duties**

If duty is or becomes refundable under this Act to a person, the Chief Collector may:
   (a) apply the whole or any part of the sum so refundable towards the payment of any other duty that is payable by that person; or
   (b) refund the whole sum to that person.

129. **Recovery of duty refunded in error**

Money refunded by Customs in error of fact or law is recoverable by action at the suit of the Chief Collector on behalf of the Republic at any time within 4 years after the date of its payment or any time if the refund has been obtained by fraud.

130. **Goods temporarily imported**

(1) Subject to this section, if the Chief Collector is satisfied that goods have been temporarily imported, a sum equal to the amount of the duty payable on the goods must be secured, under section 180, in any cases approved by the Chief Collector, and on receipt of the security the Chief Collector may release the goods from the control of Customs without payment of duty.

(2) Subject to any prescribed conditions:
   (a) the person giving the security must be released from the conditions of the security; or
   (b) subject to subsection (3), a deposit of money made must be returned to the person by whom it was made,—

if, within 12 months from the date of their importation, the Chief Collector is satisfied that the goods have been—
   (aa) exported; or
   (bb) shipped for export; or
   (cc) packed for export into a bulk cargo container in a Customs controlled area and the container secured to the satisfaction of the Chief Collector; or
   (dd) not deliberately destroyed unless with the permission of the Chief Collector; or
   (ee) dealt with in such manner as the Chief Collector may allow.

(3) If goods are temporarily imported and used:
   (a) for industrial or commercial purposes; or
(a) any other purposes, as the Chief Collector may consider applicable,—

duty is payable on the amount by which their value for duty (as determined by the Chief Collector at the time that he or she is satisfied under subsection (2) that the goods have been dealt with under any of paragraphs (aa) to (ee) of that subsection) is less than their value for duty, as ascertained pursuant to this Act, at the time of their importation.

(4) If an amount of duty is payable under subsection (3), that duty may be deducted from any deposit of money given as a security under subsection (1).

(5) Despite subsection (3), but subject to any conditions imposed by the Minister, duty is not payable on goods temporarily imported under any treaty, agreement, or arrangement concluded by the Government.

(6) If, at the expiry of the 12-month period under subsection (2), the goods have not been dealt under that subsection:

(a) any sum secured by way of deposit of money must be retained by the Republic; or

(b) any sum so secured must be paid to the Republic by the importer within 10 working days after the expiry of that period, and on the payment the security must be released.

131. Drawbacks of duty on certain goods

(1) Subject to subsections (2) to (7), drawbacks of duty may be allowed, at such amounts and subject to any prescribed conditions, on—

(b) goods that are produced in a manufacturing area and exported from the Republic:

(c) imported parts, and materials used in, worked into, or attached to, goods manufactured or produced in the Republic and exported from the Republic:

(d) imported materials, except fuel or plant equipment consumed in the manufacture or production of goods produced in the Republic and exported from the Republic.

(2) If the Chief Collector is satisfied that goods have been entered and shipped for export, the Chief Collector may, for the purposes of this section, refund drawback of duty.

(3) If drawback has been allowed on any goods consumed in the manufacture of those goods, the goods must not, without the permission of the Chief Collector, be un-shipped or re-landed or unpacked before export.

(4) If drawback has been allowed on goods consumed in manufacture of those goods and drawback has been paid on any goods that are un-shipped or re-landed or unpacked before export, the amount of drawback allowed for those goods or on goods consumed in the manufacture of those goods, immediately on their un-shipment or re-landing or unpacking, constitutes a debt due to the Republic; and the debt is immediately payable by the owner of the goods at the time of their un-shipment or re-landing or unpacking.

(5) The debt is recoverable by action at the suit of the Chief Collector on behalf of the Republic.

(6) The right to recover drawback as a debt due to the Republic under this section is not affected by the fact that a bond or other security has been given for the un-shipment or re-landing or unpacking of the goods before export.

(7) If, under this section, drawback is allowed to any person, the Chief Collector may, apply the whole or any part of the sum allowed towards the payment of any duty that is payable by that person.

         (i) a properly completed application in respect of particular goods; and

(4) The Chief Collector may decline to make a Customs ruling if, in the Chief Collector’s
     opinion, he or she has insufficient information to do so.

135. Notice of Customs ruling
The Chief Collector must promptly give notice in writing to the applicant of:
   (a) a Customs ruling, together with the reasons for the ruling, and any conditions of
       the ruling; or
   (b) a decision to decline to make a Customs ruling, together with the reasons for
       that decision.

136. Effect of Customs ruling
(1) A Customs ruling on particular goods is conclusive evidence for the purposes of this
     Act that the goods:
     (a) have a particular tariff classification under Part 1 of the Tariff; or
     (b) are or are not in accordance with applicable regulations or orders made under
         this Act, the produce or manufacture of a particular country, a group of
         countries, for the purposes of the Customs Tariff Act 2014; or
     (c) are or are not subject to a specified duty concession under Part 2 of the Tariff.

(2) Subject to section 139, a Customs ruling on a particular matter for which a ruling has
     been given under section 134(1)(b) is conclusive evidence for the purposes of this Act and, if
     applicable, the Customs Tariff Act 2014, of the application of the regulation or regulations on
     which the ruling was made in relation to that matter.

137. Confirmation of basis of Customs ruling
At any time after a Customs ruling is made, the Chief Collector may by notice in writing,
require the applicant to satisfy the Chief Collector in a manner and within 20 working days or

(b) that any conditions of the ruling have been complied with.

138. Amendment of Customs ruling

(1) The Chief Collector may amend a Customs ruling to correct any error contained in the ruling.

(2) The Chief Collector must, promptly after making the amendment, give notice in writing to the applicant of the amended Customs ruling and, subject to subsection (3), the ruling as amended applies to the applicant as from the date on which notice of the amendment was given to the applicant.

(3) Despite subsection (2), if the amendment to the ruling has the effect of increasing any duty liability on goods:
   (a) imported within 3 months of the date notice of the amendment is given, under a binding contract entered into before that date of notice of the amendment; or
   (b) that have left the place of manufacture or warehouse in the country from which they are being exported for direct shipment to the Republic at the date the notice of the amendment of the ruling is given; or
   (c) imported on or before the date notice of the amendment is given but have not been entered for home consumption,–

the ruling given prior to the amendment under this section applies to those goods.

(4) Despite subsection (2), if the amendment to the ruling has the effect of decreasing any duty liability on any goods, section 125 applies as if the higher duty had been paid in error.

139. Cessation of Customs ruling

(1) A Customs ruling ceases to have effect on the earliest to occur of the following dates:
   (a) the date on which any information on which Customs ruling was made ceases to be correct in all material respects; or
   (b) the date of a material change in any of the information or facts on which Customs ruling was made; or
   (c) the date of a material change in the Customs Tariff Act 2014 or to any applicable regulations or orders made under this Act or the Customs Tariff Act 2014, if that date occurs prior to importation or manufacture of the relevant goods, as the case may be; or
   (d) the date on which any of the conditions to which the Customs ruling was made subject, ceases to be met or complied with; or
   (e) the date of a failure to satisfy the requirements of the Chief Collector under section 137; or
   (f) the date of expiry of 3 years from the date that notice of the Customs ruling, or any amendment to that Customs ruling under section 138, is given to the applicant.

(2) A Customs ruling does not come into effect if:
   (a) information on which it was made was not correct in all material respects; or
   (b) a material change has occurred in any information or facts on which it was made.
140. Appeal from decision of Chief Collector

An applicant who is dissatisfied with a Customs ruling, or a decision to decline to make a Customs ruling, or a decision to amend a Customs ruling, under this Part of this Act may, within 20 working days after the date on which notice of the ruling or decision is given, appeal to the Minister against that ruling or decision.

141. No liability where Customs ruling relied on

(1) If an applicant has relied on a Customs ruling on specific goods or a specific matter, and, as a result:
   (a) the applicant has not paid the amount of duty that, but for this section, is payable on the goods; or
   (b) the applicant would, but for this section, be liable to the imposition of a penalty under section 142; or
   (c) goods, but for this section, would be liable to seizure under this Act—the amount of the duty otherwise payable is not recoverable as a debt due to the State and a penalty is not to be imposed under section 142 and the goods are not liable to seizure under this Act.

(2) Subsection (1) applies only to a matter:
   (a) on which Customs ruling was given and has not ceased under section 139; and
   (b) pursuant to any amendment to a Customs ruling that the applicant has received notice of under section 138.

PART 11 - ADMINISTRATIVE PENALTIES

142. Imposition of penalty

(1) In this Part, ‘entry’ means an entry required under this Act, including, without limitation:
   (a) a declaration, invoice, certificate, written statement, or other document required or authorised by or under this Act to be made or produced by a person making the entry; and
   (b) an amendment of the entry; and
   (c) for goods or class of goods regarded by orders made under section 63(d) to have been entered under section 60(1), a document that, under the orders, the Chief Collector requires to be lodged with the Customs before the goods or class of goods will be regarded to be entered; and
   (d) for goods or class of goods regarded by orders made under section 75(b) to have been entered under section 74(1), a document that, under the orders, the Chief Collector requires to be lodged with the Customs before the goods or class of goods will be regarded to be entered.

(2) In this section:
   ‘materially incorrect’ means:
   (a) for an entry under section 60, that the entry contains an error or omission on any of the following matters:
      (i) the identity of the overseas supplier;
      (ii) the identity of the importer;
      (iii) the identity of the person making the entry;
      (iv) the identification of the importing craft or its voyage number;
      (v) the bill of Lading, Air Waybill, or container identification details;
(vi) the supplier’s invoice number;
(vii) any permit number or code;
(viii) the Tariff item in which the goods are classified under the Customs Tariff Act 2014;
(ix) the statistical quantity of the goods;
(x) the currency code for the currency in which the goods are traded;
(xi) the value for duty expressed in the currency in which the goods are traded;

(xvi) the insurance costs associated with transporting the goods to the Republic, inclusive of any insurance costs in the country of exportation;

(b) for an entry that is not an entry under section 60, that the entry contains a material error or omission in relation to a matter that the entry is required by or under this Act to address.

(3) Subject to section 144, if the Chief Collector is satisfied that an entry of goods contains an error or omission and that as a result:

(a) an amount of duty payable under this Act has not been paid or declared for payment or would not have been paid or declared for payment; or
(b) the entry is otherwise materially incorrect,—

the Chief Collector may give notice in writing to the person who made the entry stating that unless, within 20 working days after the date on which notice is given, that person satisfies the Chief Collector that the person is entitled to be exempted from the imposition of a penalty under section 144, the Chief Collector will issue a penalty notice under subsection (4).

(4) If a person to whom a notice is given under subsection (1) does not, within the period referred to in that subsection, satisfy the Chief Collector that the person is entitled to be exempted under section 144 from the imposition of a penalty under this section, the Chief Collector must issue a notice to that person requiring that person to pay to the Chief Collector by way of penalty (in addition to any duty payable under this Act):

(a) if, as a result of the error or omission, an amount of duty payable under this Act has not been paid or declared for payment—
(i) $500; or
(ii) an amount equal to 25% of the duty unpaid or not declared, up to a maximum amount of $25,000,—

whichever is the greater:

(5) The due date for the payment of any penalty imposed under this section is the date that is 20 working days after the date on which notice of the penalty is given by the Chief Collector.

(6) The amount of the penalty constitutes a debt due to the Republic and is recoverable by action at the suit of the Chief Collector on behalf of the Republic.

(7) A person, by or on whose behalf the amount of the penalty is paid for, is not liable to be prosecuted for an offence in relation to the error or omission; and the goods for which
the error or omission occurred are not liable to seizure under this Act.

(8) Subsection (7) does not apply to a prosecution or seizure in relation to goods that have been forfeited to the Republic by reason of the importation or exportation of the goods being prohibited or unlawful.

(9) If any penalty imposed under this section remains unpaid by the due date for payment, there must be imposed —
(a) an additional penalty of 5% of the amount of the penalty unpaid by the due date; and
(b) an additional penalty of 2% of the amount of the penalty, including any additional penalty, unpaid at the end of the period of one month after the due date; and
(c) an additional penalty of 2% of the amount of the penalty, including additional penalty, unpaid at the end of each succeeding period of one month.

(10) Despite subsection (9), the Chief Collector may, in his or her discretion, remit or refund the whole or any part of any additional penalty imposed by that subsection.

(11) If the goods referred to in subsection (1) and entered under section 60 become free of duty or subject to a lower rate of duty under Part 1 or Part 2 of the Tariff after the entry is made, then the penalty must be calculated according to subsection (4)(a) as if the duty liability had not so changed.

(12) A person who is dissatisfied with a decision of the Chief Collector under this section may, within 20 working days after the date on which notice of the decision is given, appeal to the Minister against that decision.

143. Obligation to pay penalty not suspended by appeal
(1) The obligation to pay and the right to receive and recover any penalty imposed under section 142 are not suspended by any appeal or legal proceedings.

(2) Subject to subsection (3), if the appellant is successful in the appeal, the amount of the penalty imposed under section 142 must immediately be refunded to the appellant by the Chief Collector.

(3) Section 109(3) applies, with necessary adaptations, to an administrative penalty required to be refunded under this section as if the penalty were duty.

144. No penalty in certain cases
A person is not liable to a penalty under section 142, if:
(a) that person has voluntarily disclosed the error or omission to Customs before Customs has notified the person that—
(i) the goods to which the entry relates have been selected for examination by Customs:
(ii) documentation is required to be presented to Customs in relation to that entry:
(iii) Customs intends to conduct an audit or investigation on a selection of entries that includes that entry, or on entries made over a period of time that includes the time the entry was made; or
(b) that person satisfies the Chief Collector that the person formed a view as to the relevant facts of the entry which, while incorrect, was reasonable having regard to the information available to that person when the entry was prepared; or
(c) that person satisfies the Chief Collector that the person acted in good faith on
information provided by the importer, exporter, or supplier of the goods to which the entry relates, and reliance on the accuracy or completeness of the information so provided was reasonable in the circumstances; or
(d) the total correct value for duty of the goods to which the error on the entry relates is less than $1,000; or
(e) an information for an offence against this Act has been laid in relation to the error or omission; or
(f) the period between the date of lodgement of the entry of the goods and the date on which the error or omission was first identified exceeds 4 years; or
(g) section 141 applies.

145. Establishment of and access to Customs electronic entry processing system
(1) The Chief Collector may establish a Customs electronic entry processing system.

146. Registered users
(1) An individual who wishes to be a registered user:
(a) may, in the prescribed form, apply to the Chief Collector; and
(b) must provide other prescribed information.

(2) The Chief Collector may require an applicant for registration to give such additional information as the Chief Collector considers necessary for the purpose of the application.

(3) The Chief Collector:
(a) may grant the application, subject to conditions or refuse the application; and
(b) must, in writing, inform the applicant of the decision.

(4) An applicant who is dissatisfied with a decision of the Chief Collector under this section may, within 20 working days after the date on which notice of the decision is given, appeal to the Minister against that decision.

147. Unique user identifier
(1) The Chief Collector must allocate to a registered user a unique user identifier in a form or of a nature determined by the Chief Collector.

(2) The unique user identifier allocated under subsection (1) must be used by the registered user for the purpose of transmitting information to or receiving information from that Customs electronic entry processing system.

(3) The Chief Collector may, by notice in writing, impose conditions on a particular registered user, or on registered users generally, on the use and security of unique user identifiers.

148. Use of unique user identifier
(1) If information is transmitted to an entry processing system using the unique user identifier of a registered user, the transmission of that information is, in the absence of proof to the contrary, evidence that the information was transmitted by the registered user.

(2) If the unique user identifier of a registered user is used by an individual other than the registered user, subsection (1) does not apply if the registered user has, prior to the
unauthorised use of his or her unique user identifier, notified Customs that the unique user identifier is no longer secure.

149. Conditions may be imposed on registered users

(1) The Chief Collector may impose any condition on the existing registration on a specified registered user or a class of registered users or on all registered users.

(2) A condition imposed under subsection (1) must:

      (ii) a later date specified by the Chief Collector.

(3) A registered user who is dissatisfied with the imposition of a condition on his or her user registration under subsection (1) may appeal in writing to the Minister within 20 working days after the date of notification of the imposition of the condition on the registered user’s registration.

(4) If the Minister is of the view that the imposition of the conditions under subsection (1) was reasonable in the circumstances, the registered user must comply with the condition on or before—
   (a) the 10th working day after the date of notification of the Minister’s decision; or
   (b) a later date specified by the Minister.

150. Suspension or cancellation of registration of registered user

(1) The Chief Collector may by written notice to a registered user (which must state grounds for the cancellation) cancel that user’s registration if satisfied that the user—
   (a) has failed to comply with a condition imposed by the Chief Collector under section 146(3) or 147(3); or
   (b) has failed to comply with a condition imposed by the Chief Collector under section 149(1) within the time specified in that section; or

      (ii) an offence involving dishonesty or cybercrime under any enactment; or
   (d) is, on 1 or more prescribed grounds, unfit to continue to be a registered user.

(2) Despite subsection (1), the Chief Collector may by written notice to a registered user (which must state grounds for the suspension) suspend that user’s registration until a date or event specified in the notice if satisfied that the user’s registration should not be cancelled, but should instead be suspended until that date or event, because the user—
   (a) has failed to comply with a condition imposed by the Chief Collector under section 146(3) or 147(3); or
   (b) has failed to comply with a condition imposed by the Chief Collector under section 149(1) within the time frame specified in that section.

(3) The date or event specified in the notice under subsection (2) may, but need not, be the user’s compliance with a condition imposed by the Chief Collector under section 146(3), 147(3), or 149(1).

(4) If the person whose registration is suspended or cancelled is dissatisfied with the decision of the Chief Collector under this section, that person may, within 20 working days after the date on which notice of the decision is given, appeal to the Minister against that

   (d) the Customs officer has reasonable cause to suspect that the craft (not being a craft to which paragraph (a), (b) or (c) applies)—
      (i) is carrying any dutiable, uncustomed, prohibited, or forfeited goods; or
      (ii) has been, is being or is about to be, involved in the commission of an offence against this Act.

(c) where any part of the proceeds of any subsequent resale, disposal, or use of the goods by the buyer is to accrue, directly or indirectly, to the seller, the price paid or payable for the goods includes the value of that part of the proceeds or can be adjusted in accordance with clause 3; or

(d) the buyer and seller of the goods are not related at the time the goods are sold for export or, where the buyer and seller are related at that time,—

(i) their relationship did not influence the price paid or payable for the goods; or

(ii) the importer demonstrates that the transaction value of the goods meets the requirements set out in subclause (2).

(2) In a sale between related persons, for the purpose of showing that the relationship did not influence the transaction value, the importer must produce evidence that the transaction value of the goods being valued, taking into consideration any relevant factors including such factors and differences as may be prescribed, closely approximates the Customs value of other goods exported at the time or substantially at the same time as the goods being valued, being—

(a) the transaction value of identical goods or similar goods in respect of a sale of those goods for export to the Republic between a seller and buyer who are not related at the time of the sale; or

(b) the deductive value of identical or similar goods determined in accordance with clause 6; or

(c) the computed value of identical or similar goods determined in accordance with clause 7.

(3) In any case where the Chief Collector is of the opinion that the relationship between the buyer and seller of any goods influenced the price paid or payable for the goods, the Chief Collector must inform the importer, in writing if so requested, of the grounds on which the Chief Collector formed that opinion, and must give the importer a reasonable opportunity to satisfy the Chief Collector that the relationship did not influence the price.

(4) Where subclause (2) applies, the importer must, without limiting the generality of subclause (2), provide the following information:

(a) the nature of the goods being valued;

(b) the nature of the industry that produces the goods being valued;

(c) the season in which the goods being valued are imported;

(d) whether a difference in values is commercially significant;

(e) the trade levels at which the sales take place;

(f) the quantity levels of the sales;

(g) any of the amounts referred to in clause 3;

(h) the costs, charges, or expenses incurred by a seller when the seller sells to a buyer
to whom the seller is not related that are not incurred when the seller sells to a
buyer to whom the seller is related.

(5) Where,—
(a) in the opinion of the Chief Collector, the Customs value cannot be determined
under this clause; or
(b) the Chief Collector has reason to doubt the truth or accuracy of the declared
Customs value and, after having sought further explanation or other evidence that
the declared Customs value represents the total amount actually paid or payable
for the imported goods, the Chief Collector is still not satisfied that the Customs
value can be determined under this clause—
the Chief Collector may determine the Customs value of the goods by proceeding
sequentially through clauses 4 to 8 to the first such clause of this Schedule under
which the Customs value can, in the opinion of the Chief Collector, be determined.

(6) Despite subclause (5), on the written request of the importer to the Chief Collector,
the order of consideration of the valuation basis provided for in clauses 6 and 7 must
be reversed.

3 Adjustment of price paid or payable
(1) In determining the transaction value of goods under clause 2, the price paid or payable
for the goods must be adjusted—
(a) by adding thereto amounts, to the extent that each such amount is not otherwise
included in the price paid or payable for the goods and is determined on the basis
of sufficient information, equal to—
(i) commissions and brokerage in respect of the goods incurred by the buyer,
other than fees paid or payable by the buyer to the buyer’s agent for the
service of representing the buyer overseas in respect of the purchase of the
goods; and
(ii) the packing costs and charges incurred by the buyer in respect of the goods,
including the cost of cartons, cases, and other containers and coverings that
are treated for Customs purposes as being part of the imported goods and all
expenses of packing incidental to placing the goods in the condition in which
they are shipped to the Republic; and
(iii) the value of any of the following goods and services:
(A) materials, component parts, and other goods incorporated in the
imported goods:
(B) tools, dies, moulds, and other goods utilized in the production of the
imported goods:
(C) materials consumed in the production of the imported goods:
(D) engineering, development work, artwork, design work, plans, and
sketches undertaken elsewhere than in the Republic and necessary for the production of the imported goods, — determined in accordance with subclause (2), that are supplied, directly or indirectly, by the buyer free of charge or at a reduced cost for use in connection with the production and sale for export of the imported goods, apportioned to the imported goods in a reasonable manner and in accordance with generally accepted accounting principles; and

(iv) royalties and license fees, including payments for patents, trademarks, and copyrights in respect of the imported goods that the buyer must pay, directly or indirectly, as a condition of the sale of the goods for export to the Republic, exclusive of charges for the right to reproduce the imported goods in the Republic; and

(v) the value of any part of the proceeds of any subsequent resale, disposal, or use of the goods by the buyer that accrues or is to accrue, directly or indirectly, to the seller; and

(vi) the value of any materials, component parts, and other goods incorporated in the imported goods for the purpose of repair to, or refurbishment of, those goods prior to export of the goods to the Republic, and the price paid for the service of repair or refurbishment, as the case may be; and

(vii) the costs of transportation and insurance of, and the loading, unloading, and handling charges, and other charges and expenses associated with the transportation of, the imported goods until the goods have left the country of export if such costs, charges, and expenses are paid or payable by the buyer, directly or indirectly, to or for the benefit of the seller as a condition of the transaction:

(b) by deducting therefrom amounts, to the extent that each such amount is otherwise included in the price paid or payable for the goods, equal to—

(i) the costs of transportation and insurance of, and the loading, unloading, and handling charges, and other charges and expenses associated with the transportation of, the imported goods from the time the goods have left the country of export, other than any cost, charge, or expense referred to in subparagraph (ii)(B); and

(ii) any of the following costs, charges, or expenses:

(A) any reasonable cost, charge, or expense that is incurred for the construction, erection, assembly, or maintenance of, or technical assistance provided in respect of, the goods after the goods are imported:

(B) any reasonable cost, charge, or expense that is incurred in respect of the transportation or insurance of the goods within the Republic and any reasonable cost, charge, or expense associated therewith:
(C) any Customs duties or other taxes payable in the Republic by reason of
the importation or sale of the goods,—
if the cost, charge, or expense is identified separately from the balance of
the price paid or payable for the goods:
(c) in respect of carrier media bearing data or instructions, by deducting the value of
the data or instructions from the price paid or payable for the goods if—
(i) the value of the data or instructions is distinguished from the cost or value of
the carrier media; and
(ii) the data or instructions are not incorporated in data processing equipment.
(2) The value of the goods and services described in subclause (1)(a)(iii) must be
determined—
(a) in the case of materials, components, parts and other goods incorporated in the
goods being valued or any materials consumed in the production of the goods
being valued—
(i) by ascertaining—
(A) their cost of acquisition where they were acquired by the buyer from a
person who was not related to the buyer at the time of their acquisition; or
(B) their cost of acquisition incurred by the person related to the buyer,
where the goods were acquired by the buyer from a person who was
related to the buyer at the time of their acquisition but who did not
produce them; or
(C) their cost of production where they were produced by the buyer or
a person related to the buyer at the time of their production; and
(ii) by adding thereto—
(A) the cost of their transportation to the place of production of the goods
being valued; and
(B) the value added to them by any repairs or modifications made to them
after they were so acquired or produced:
(b) In the case of tools, dies, moulds, and other goods, utilised in the production of
the goods being valued—
(i) by ascertaining—
(A) their cost of acquisition where they were acquired by the buyer from a
person who was not related to the buyer at the time they were so
acquired; or
(B) their cost of acquisition incurred by the person related to the buyer,
where they were acquired by the buyer from a person related to the
buyer at the time they were so acquired but who did not produce them; or
(C) their cost of production where they were produced by the buyer or a person related to the buyer at the time of their production; and

(ii) by adding thereto—

(A) the cost of their transportation to the place of production of the goods being valued; and

(B) the value added to them by any repairs or modifications made to them after they were so acquired or produced; and

(iii) by deducting therefrom an amount to account for any previous use of the goods made after the goods were so acquired or produced:

(c) in the case of engineering, development work, artwork, design work, plans and sketches, undertaken elsewhere than in the Republic and necessary for the production of the goods being valued by ascertaining—

(i) their cost of acquisition or of the lease thereof, where they were acquired or leased by the buyer from a person who was not related to the buyer at the time they were so acquired or leased and are not generally available to the public; or

(ii) their cost of acquisition or of the lease thereof incurred by the person related to the buyer, where they were acquired or leased by the buyer from a person related to the buyer at the time they were so acquired or leased, but who did not produce them and are not generally available to the public; or

(iii) the cost to the public of obtaining them where they are available generally to the public; or

(iv) the cost of production thereof where they were produced by the buyer or a person related to the buyer at the time of their production.

(3) For the purposes of subclause (1)(c), the expression ‘carrier media’ does not include integrated circuits, semi-conductors and similar devices, or articles incorporating such circuits or devices; and the expression ‘data or instructions’ does not include sound, cinematic, or video recordings.

(4) Where any adjustment in terms of this clause cannot, in the opinion of the Chief Collector, be made because of the lack of sufficient information, the transaction value of the goods being valued cannot be determined under clause 2.

4 Transaction value of identical goods as Customs value

(1) Subject to subclauses (2) to (4), where the Customs value of imported goods cannot, in the opinion of the Chief Collector, be determined under clause 2, the Customs value of the goods must be the transaction value of identical goods in respect of a sale of those goods for export to the Republic if that transaction value is the Customs value of the identical goods and the identical goods were exported at the same or substantially the same
time as the goods being valued and were sold under the following conditions—
(a) to a buyer at the same or substantially the same trade level as the buyer of the goods being valued; and
(b) in the same or substantially the same quantities as the goods being valued.

(2) Where the Customs value of imported goods cannot be determined under subclause (1) because identical goods were not sold under the conditions described in subclause (1)(a) and (b), there must be substituted therefor identical goods sold under any of the following conditions—
(a) to a buyer at the same or substantially the same trade level as the buyer of the goods being valued but in quantities different from the quantities in which those goods were sold; or
(b) to a buyer at a trade level different from that of the buyer of the goods being valued but in the same or substantially the same quantities as the quantities in which those goods were sold; or
(c) to a buyer at a trade level different from that of the buyer of the goods being valued and in quantities different from the quantities in which those goods were sold.

(3) For the purposes of determining the Customs value of imported goods under subclause (1), the transaction value of identical goods must be adjusted by adding thereto or deducting therefrom, as the case may be, amounts to account for—
(a) commercially significant differences between the costs, charges, and expenses referred to in clause 3(1)(a)(vii) in respect of the identical goods and those costs, charges, and expenses in respect of the goods being valued that are attributable to differences in distances and modes of transport:
(b) where the transaction value is in respect of identical goods sold under the conditions described in any of paragraphs (a) to (c) of subclause (2), differences in the trade levels of the buyers of the identical goods and the goods being valued or the quantities in which the identical goods and the goods being valued were sold or both, as the case may be,—
if each amount can, in the opinion of the Chief Collector, be determined on the basis of sufficient information. Where any such amount cannot be so determined, the Customs value of the goods being valued must not be determined on the basis of the transaction value of those identical goods under this clause.

(4) Where, in relation to imported goods being valued, there are 2 or more transaction values of identical goods that meet all the requirements set out in subclauses (1) and (3) or where there is no such transaction value but there are 2 or more transaction values of identical goods sold under the conditions described in any of paragraphs (a) to (c) of subclause (2) that meet all the requirements set out in this clause that are applicable by virtue of subclause (2), the Customs value of the goods being valued
must be determined on the basis of the lowest such transaction value.

5. **Transaction value of similar goods as Customs value**
   (1) Subject to subclause (2) and subclauses (2) to (4) of clause 4, where the Customs value of imported goods cannot, in the opinion of the Chief Collector, be determined under clause 4, the Customs value of the goods must be the transaction value of similar goods in respect of a sale of those goods for export to the republic if that transaction value is the Customs value of the similar goods and the similar goods were exported at the same or substantially the same time as the goods being valued and were sold under the following conditions—
   (a) to a buyer at the same or substantially the same trade level as the buyer of the goods being valued; and
   (b) in the same or substantially the same quantities as the goods being valued.
   (2) Subclauses (2) to (4) of clause 4 apply to this clause in respect of similar goods as if every reference in those subclauses to identical goods were a reference to similar goods.

6. **Deductive value as Customs value**
   (1) Subject to subclauses (5) and (6) of clause 2, where the Customs value cannot, in the opinion of the Chief Collector, be determined under clause 5, the Customs value of the goods must be the deductive value in respect of the goods.
   (2) Where the goods being valued or identical goods or similar goods are sold in the Republic in the condition in which they were imported at the same or substantially the same time as the time of importation of the goods being valued, the deductive value of the goods being valued must be the price per unit in respect of sales described in subclause (5), determined in accordance with that subclause and adjusted in accordance with subclause (6), at which the greatest number of units of the goods being valued or identical goods or similar goods are so sold.
   (3) Where the goods being valued or identical goods or similar goods are sold in the Republic in the condition in which they were imported before the expiration of 90 days after the importation of the goods being valued but are not so sold at the same or substantially the same time as the time of that importation, the deductive value of the goods being valued must be the price per unit in respect of sales described in subclause (5), determined in accordance with that subclause and adjusted in accordance with subclause (6), at which the greatest number of units of the goods being valued or identical goods or similar goods are so sold at the earliest date after the importation of the goods being valued.
   (4) Where the goods being valued or identical goods or similar goods are not sold in the Republic in the circumstances described in subclause (2) or subclause (3), but the
goods being valued, after being assembled, packaged, or further processed in the Republic, are sold in the Republic before the expiration of 90 days after the importation thereof and the importer of the goods being valued requests that this subclause be applied in the determination of the Customs value of those goods, the deductive value of the goods being valued must be the price per unit, in respect of sales described in subclause (5), determined in accordance with that subclause and adjusted in accordance with subclause (6), at which the greatest number of units of the goods being valued are so sold.

(5) For the purposes of subclauses (2) to (4), the price per unit in respect of any goods being valued or identical goods or similar goods, must be determined by ascertaining the unit price in respect of sales of the goods at the first trade level after their importation to persons who—

(a) are not related to the persons from whom they buy the goods at the time the goods are sold to them; and

(b) have not supplied, directly or indirectly, free of charge or at a reduced cost for use in connection with the production and sale for export of the goods, any of the goods or services referred to in clause 3(1)(a)(iii),—

at which the greatest number of units of the goods is sold where, in the opinion of the Chief Collector, a sufficient number of such sales have been made to permit a determination of the price per unit of the goods.

(6) For the purposes of subclauses (2) to (4), the price per unit in respect of any goods being valued or identical goods or similar goods, must be adjusted by deducting therefrom an amount equal to the aggregate of—

(a) an amount, determined in accordance with subclause (7), equal to—

(i) the amount of commission generally earned on a unit basis; or

(ii) the amount for profit and general expenses, including all costs of marketing the goods, considered together as a whole, that is generally reflected on a unit basis—

in connection with sales in the Republic of goods of the same class or kind as those goods:

(b) reasonable costs, charges, and expenses that are incurred in respect of the transportation and insurance of the goods within the Republic and reasonable costs, charges, and expenses associated therewith to the extent that an amount for such costs, charges, and expenses is not deducted in respect of general expenses under paragraph (a) of this subclause:

(c) the costs, charges, and expenses referred to in clause 3(1)(b)(i) incurred in respect of the goods, to the extent that an amount for such costs, charges, and expenses is not deducted in respect of general expenses under paragraph (a) of this subclause:
(d) any Customs duties or other taxes payable in the Republic by reason of the importation or sale of the goods, to the extent that an amount for such duties and taxes is not deducted in respect of general expenses under paragraph (a) of this subclause:
(e) where subclause (4) applies, the amount of the value added to the goods that is attributable to the assembly, packaging, or further processing in the Republic of the goods, if that amount is determined, in the opinion of the Chief Collector, on the basis of sufficient information.

(7) The amount considered to be equal to the amount of commission or the amount for profit and general expenses referred to in subclause (6)(a) must be calculated on a percentage basis and determined on the basis of information prepared in a manner consistent with generally accepted accounting principles that is supplied—
(a) by or on behalf of the importer of the goods being valued; or
(b) where the information supplied by or on behalf of the importer of the goods being valued is not sufficient information, but an examination of sales in the Republic of the narrowest group or range of goods of the same class or kind as the goods being valued from which sufficient information can, in the opinion of the Chief Collector, be obtained.

(8) Where an amount referred to in subclause (6)(e) in respect of any goods being valued cannot, in the opinion of the Chief Collector be determined on the basis of sufficient information, the Customs value of the goods cannot be determined on the basis of the deductive value under subclause (4).

7 Computed value as Customs value

(1) Subject to subclauses (3) and (5) of clause 2, where the Customs value of imported goods cannot, in the opinion of the Chief Collector, be determined under clause 6, the Customs value of the goods must be the computed value in respect of those goods.

(2) The computed value of the goods being valued is the aggregate of amounts equal to—
(a) the costs, charges, and expenses incurred in respect of, or the value of,—
   (i) materials employed in producing the goods being valued; and
   (ii) the production or other processing of the goods being valued, determined on the basis of—
      (A) the commercial accounts of the producer of the goods being valued; or
      (B) any other sufficient information relating to the production of the goods being valued
         that are supplied by or on behalf of the producer of the goods and prepared in a manner consistent with the generally accepted accounting principles of the country of production of the goods being valued,
including, without limiting the generality of the foregoing,—
(iii) the costs, charges, and expenses referred to in clause 3(1)(a)(ii):
(iv) the value of any of the goods and services referred to in clause 3(1)(a)(iii) and (vi), determined and apportioned to the goods being valued as referred to in that clause, whether or not such goods and services have been supplied free of charge or at a reduced cost:
(v) the costs, charges, and expenses incurred by the producer in respect of engineering, development work, artwork, design work, plans, or sketches undertaken in the Republic that were supplied, directly or indirectly, by the buyer of the goods being valued for use in connection with the production and sale for export of those goods to the extent that such elements are charged to the producer of the goods, apportioned to the goods being valued as referred to in clause 3(1)(a)(iii):
(b) the amount, determined in accordance with subclause (4), for profit and general expenses, considered together as a whole, generally reflected in sales for export to the Republic of goods of the same class or kind as the goods being valued, made by the producers of the goods to buyers in the Republic who are not related to the producers from whom they buy the goods at the time the goods are sold to them.

(3) For the purposes of this clause, the expression general expenses means the direct and indirect costs, charges, and expenses of producing and selling goods for export, other than the costs, charges, and expenses referred to in subclause (2)(a).
(4) The amount of profit and general expenses referred to in subclause (2)(b) must be calculated on a percentage basis and determined on the basis of information prepared in a manner consistent with generally acceptable accounting principles of the country of production of the goods being valued and that is supplied—
(a) by or on behalf of the producer of the goods being valued; or
(b) where the information supplied by or on behalf of the producer of the goods being valued is not sufficient information, by an examination of sales for export to the Republic of the narrowest group or range of goods of the same class or kind from which sufficient information can, in the opinion of the Chief Collector, be obtained.

8 Residual basis of valuation
(1) Where the Customs value of imported goods cannot, in the opinion of the Chief Collector, be determined under clause 7, it must be determined on information available in the Republic on the basis of a value derived from the methods of valuation set out in clauses 2 to 7 interpreted in a flexible manner and reasonably adjusted to the extent necessary to arrive at a Customs value of the goods.
(2) A Customs value must not be determined on the basis of—
(a) the selling price in the Republic of goods produced in the Republic; or
(b) a basis which provides for the acceptance of the higher of 2 alternative values; or
(c) the price of goods on the domestic market of the country of exportation; or
(d) the cost of production, other than computed values that have been determined for identical or similar goods in accordance with clause 7; or
(e) the price of goods for export to a country other than the Republic, unless the goods were imported into the Republic; or
(f) minimum Customs values; or
(g) arbitrary or fictitious values.
